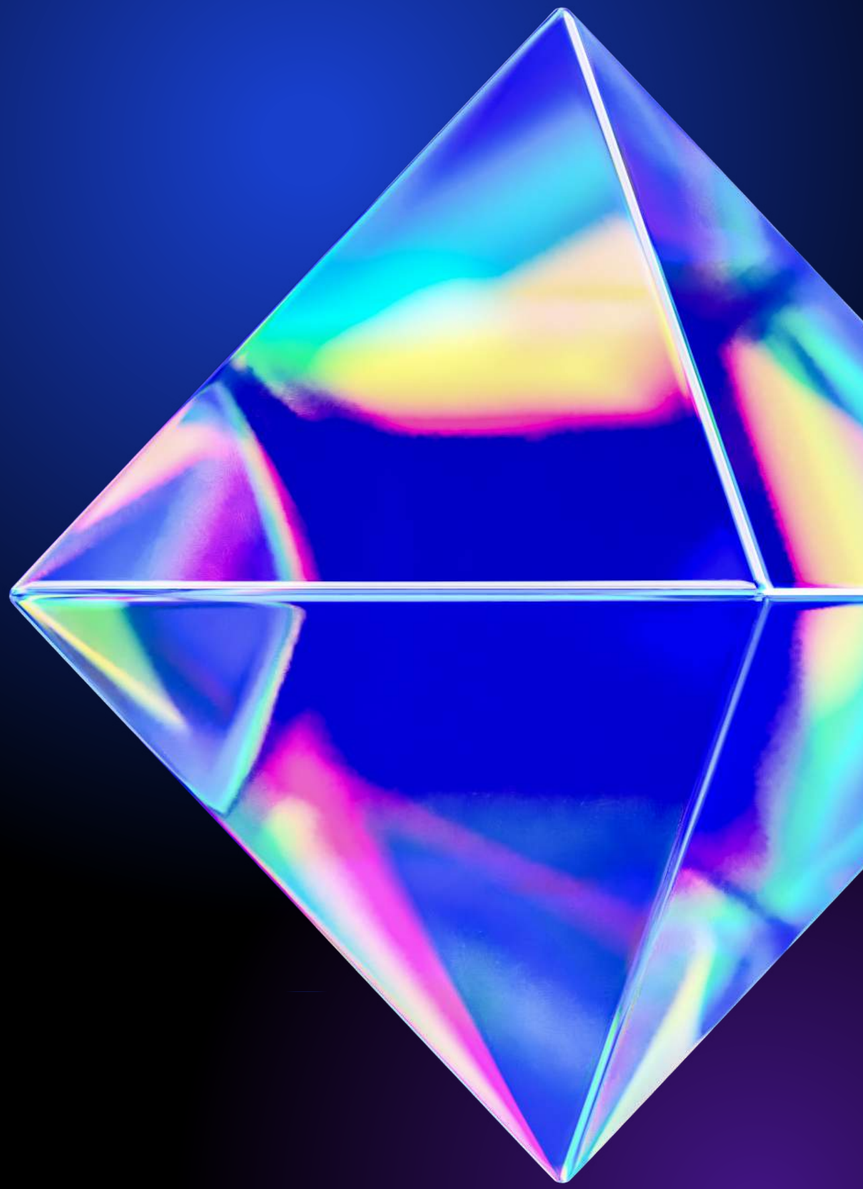
Worked in Flutter Team

Under Mr. Puneeth Uchil



Roadmap

Learning Curve

- Learn Flutter
- Implementation of Various Minor Projects

Project Implementation

- Working on building the blog app
- Using Firebase to construct it

Notofication Page

- Community Development
- On-Chain Voting Implementation
- VR Integration
- DeFi Roadmap

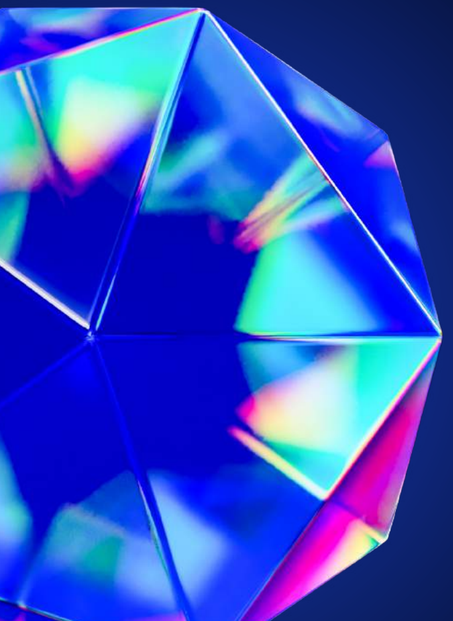
Learn about

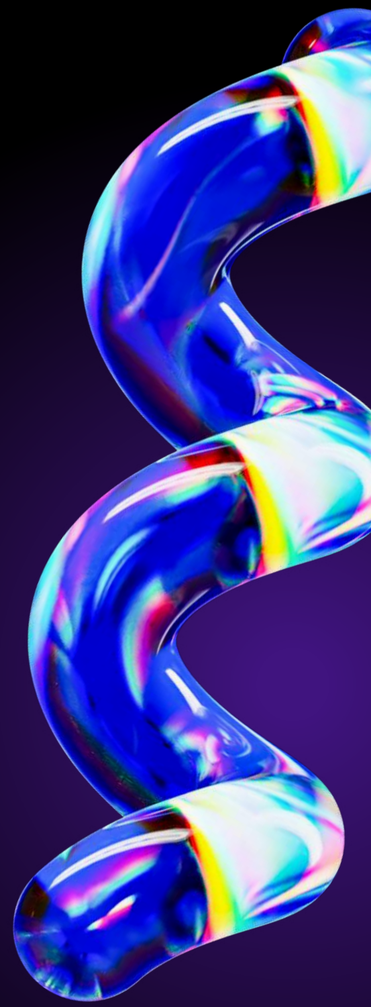
- Card Properties
- Image Network
- Scaffold
- Font Changes
- Padding
- Widgets
- Container
- Assets
- Navigations
- Text Animations
- Columns, Buttons, and Color properties

- Functions
- Class
- Objects
- Constructors
- Using sounds and libraries
- Using APIs
- Stateful and stateless widgets
- Buttons
- SetState Properties
- List data type

Learning Curve

Learnt various flutter technologies and done various minor projects.





I am rich App

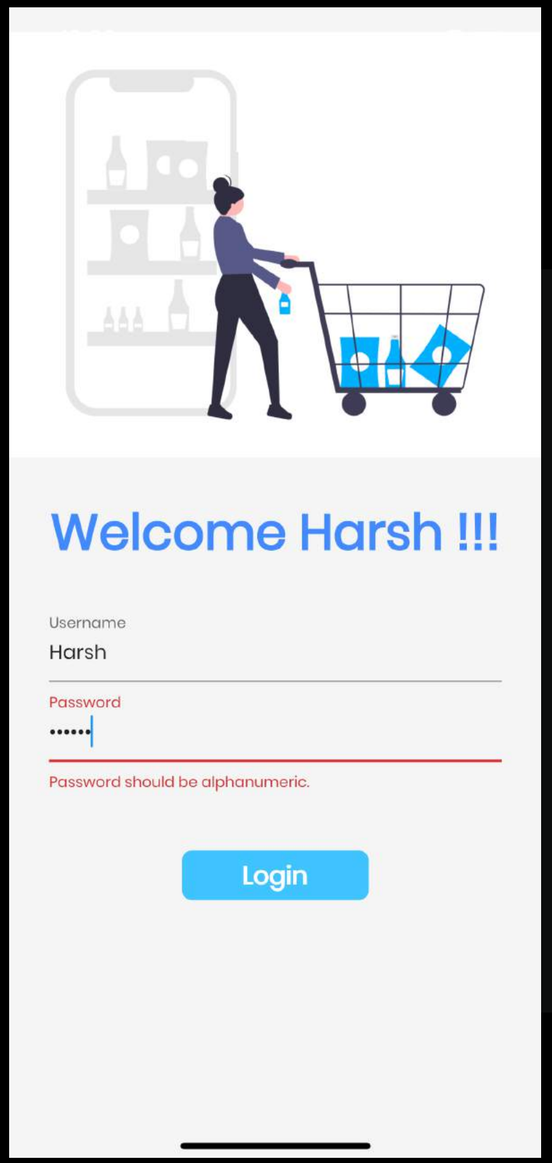
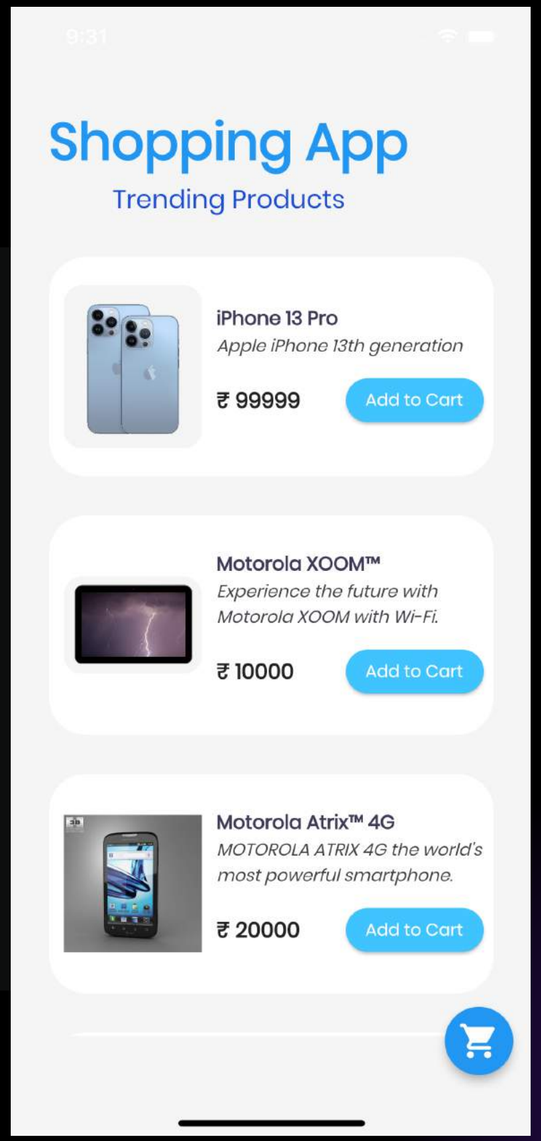
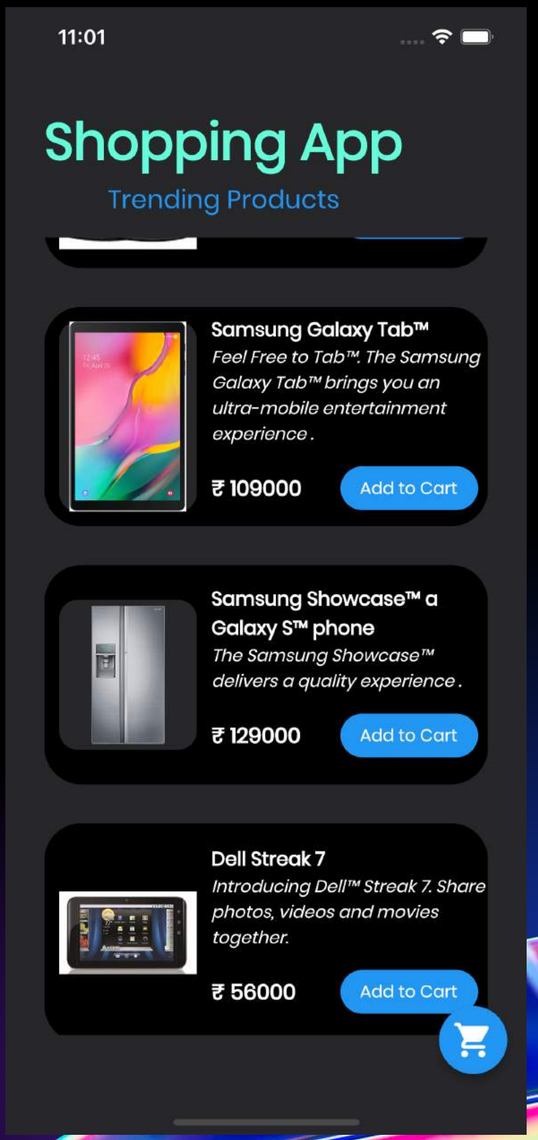
Shopping App



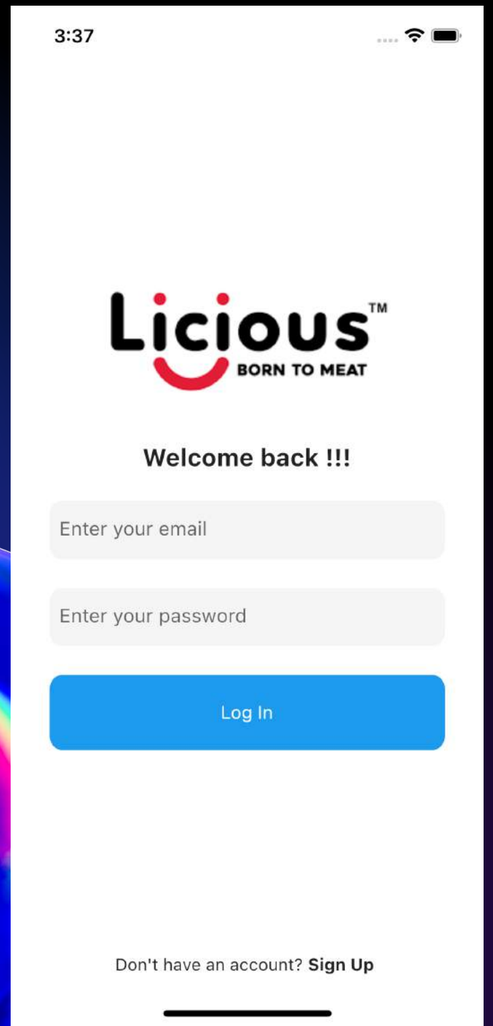


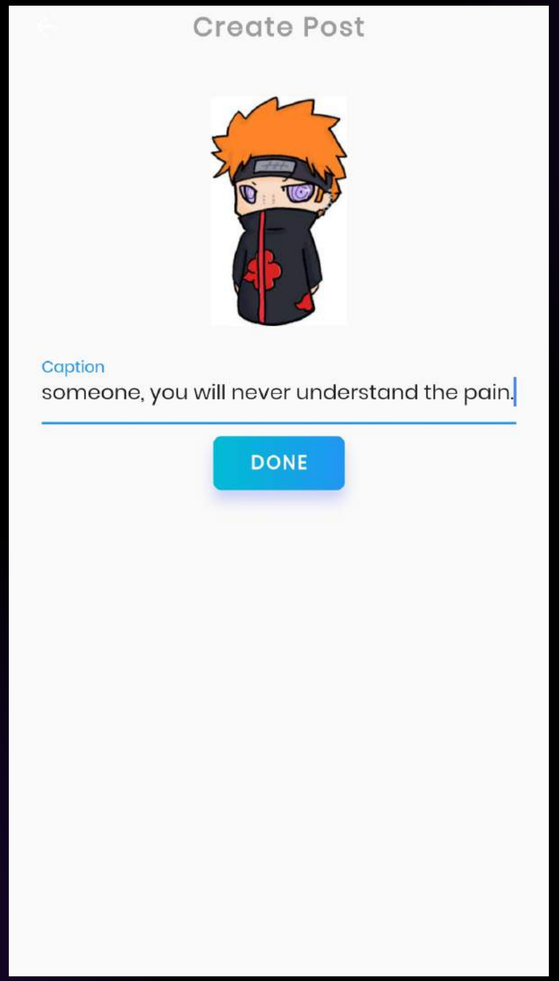


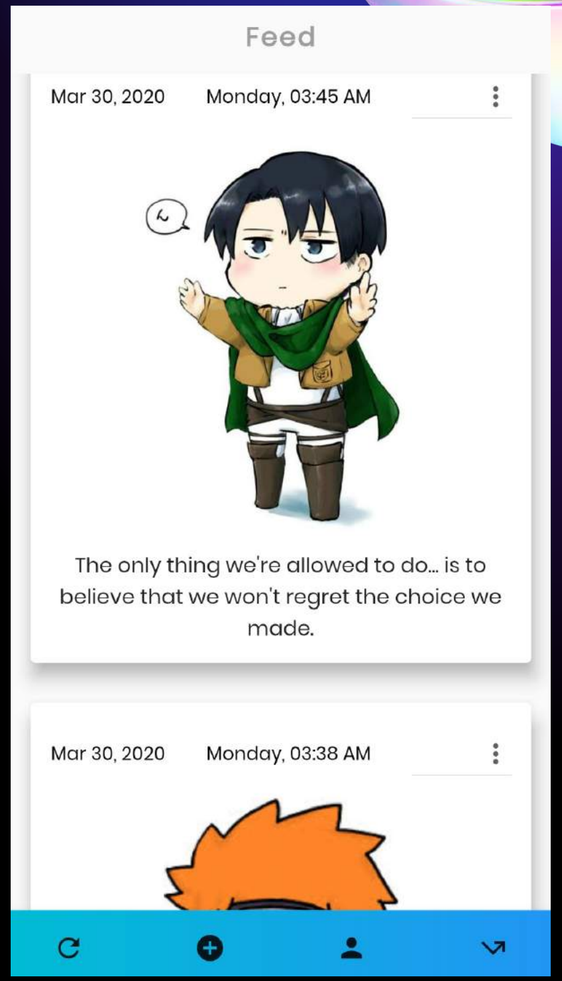
Project Implementation Phase 1

The first idea was to implement a blog app where users can communicate with each other

- Used FireBase Auth
- Used Flutter and Velocity Tools



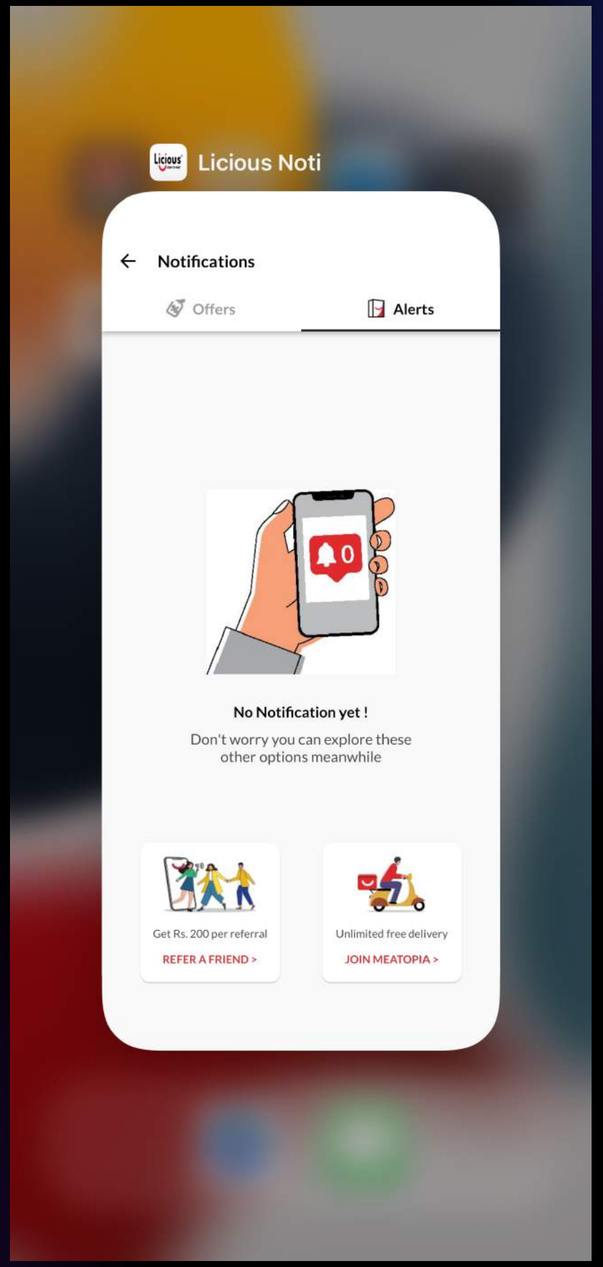




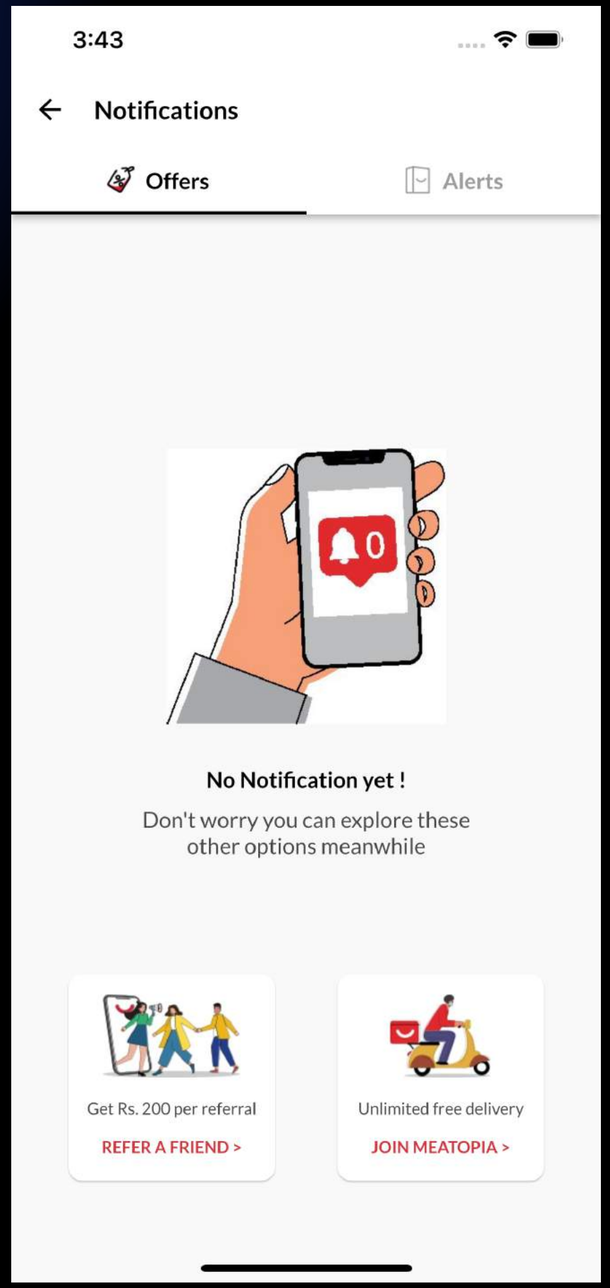
Project Implementation Phase 2

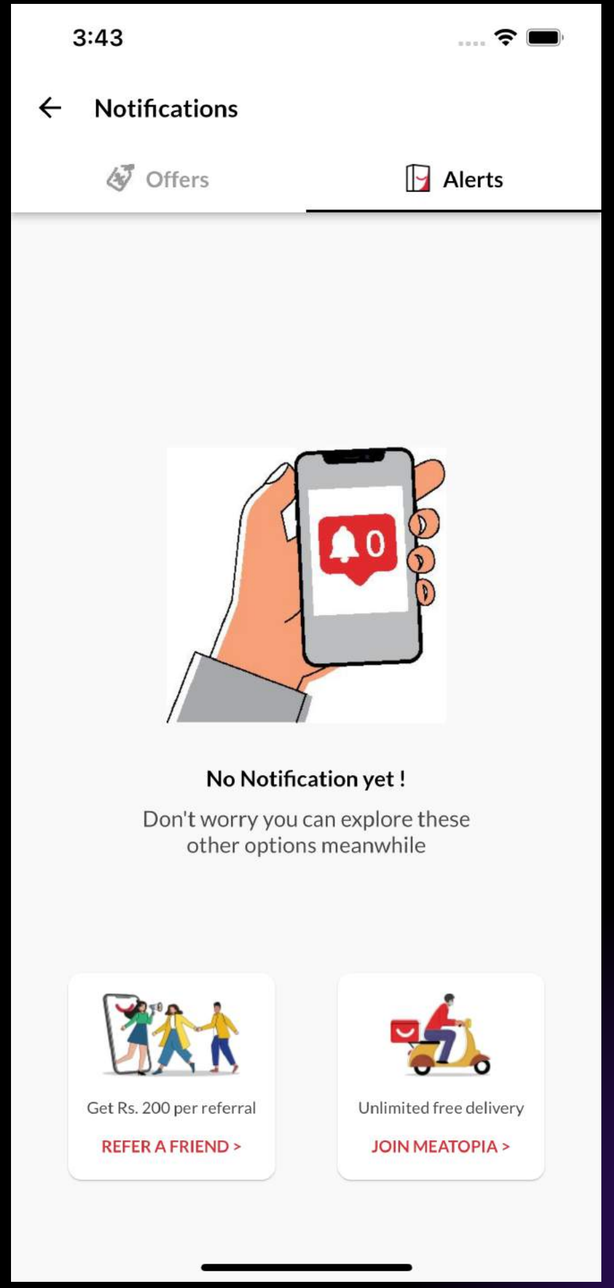
Working On the Notification Page

The Main Windows

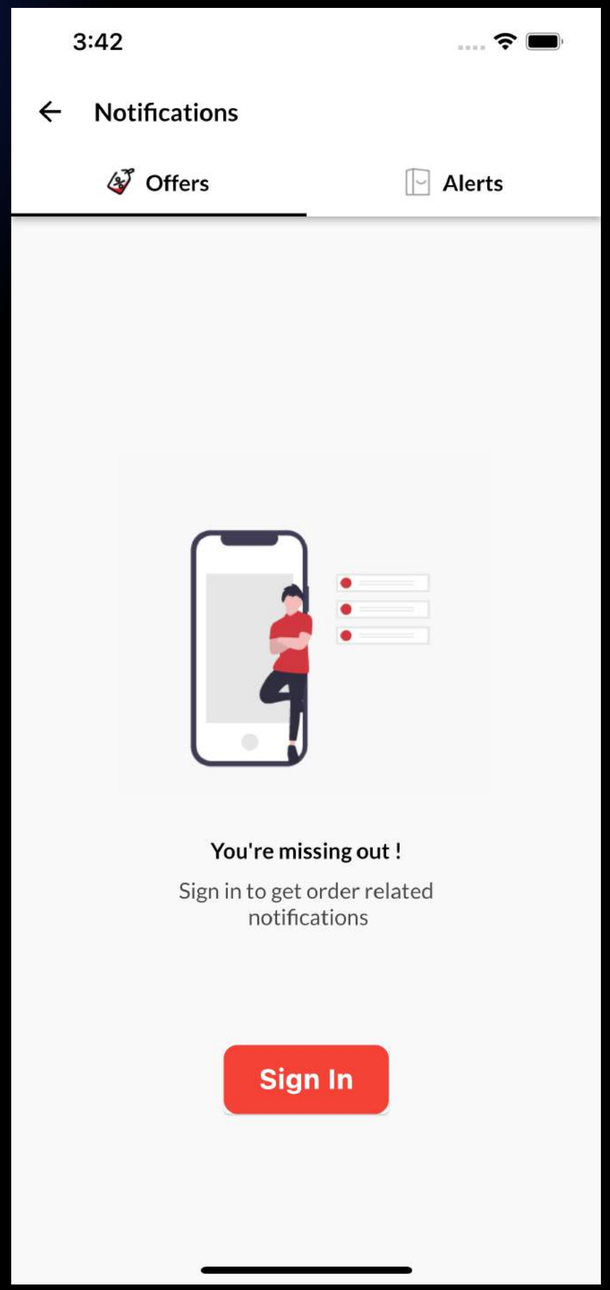


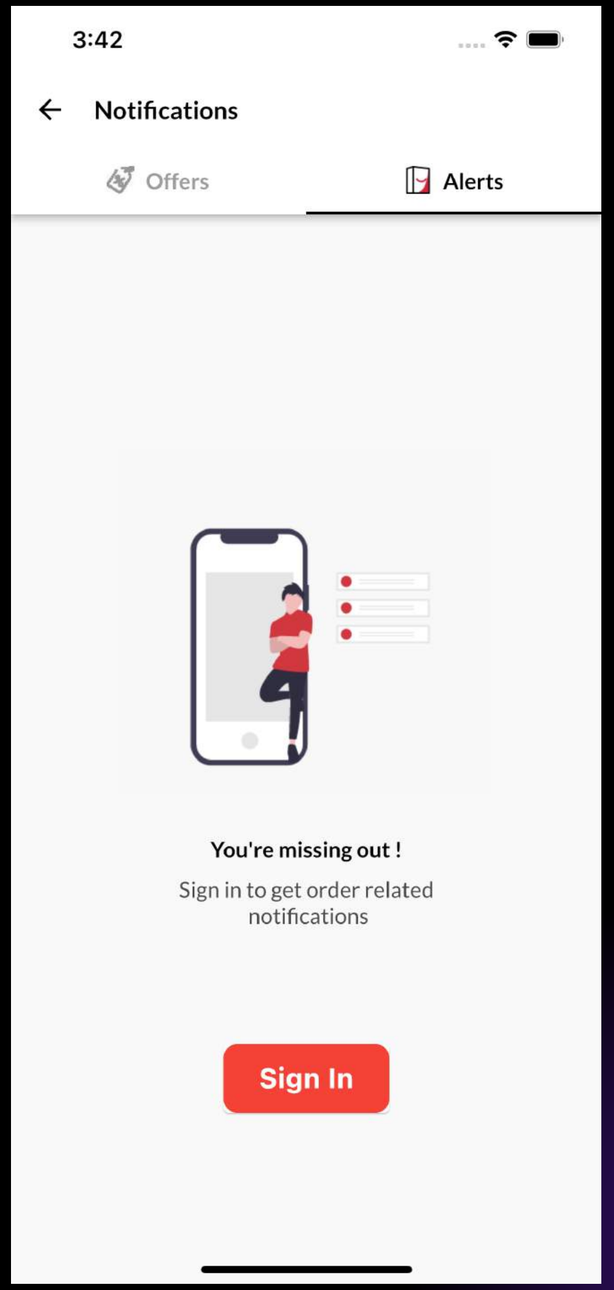
Part 1: When No Notification is There



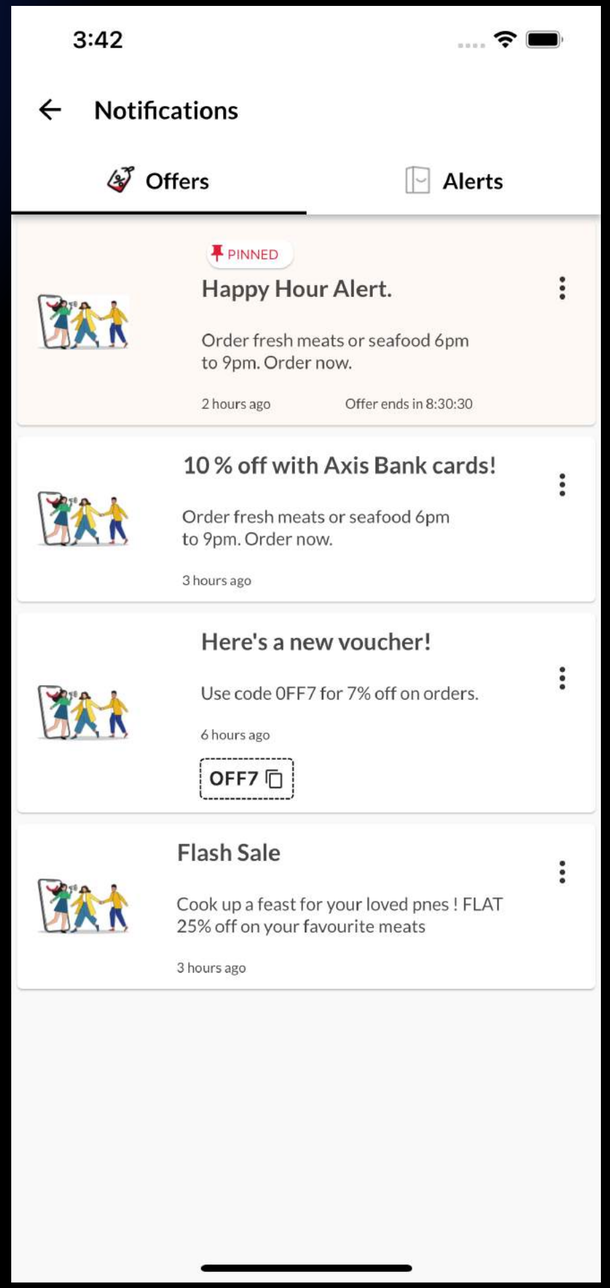


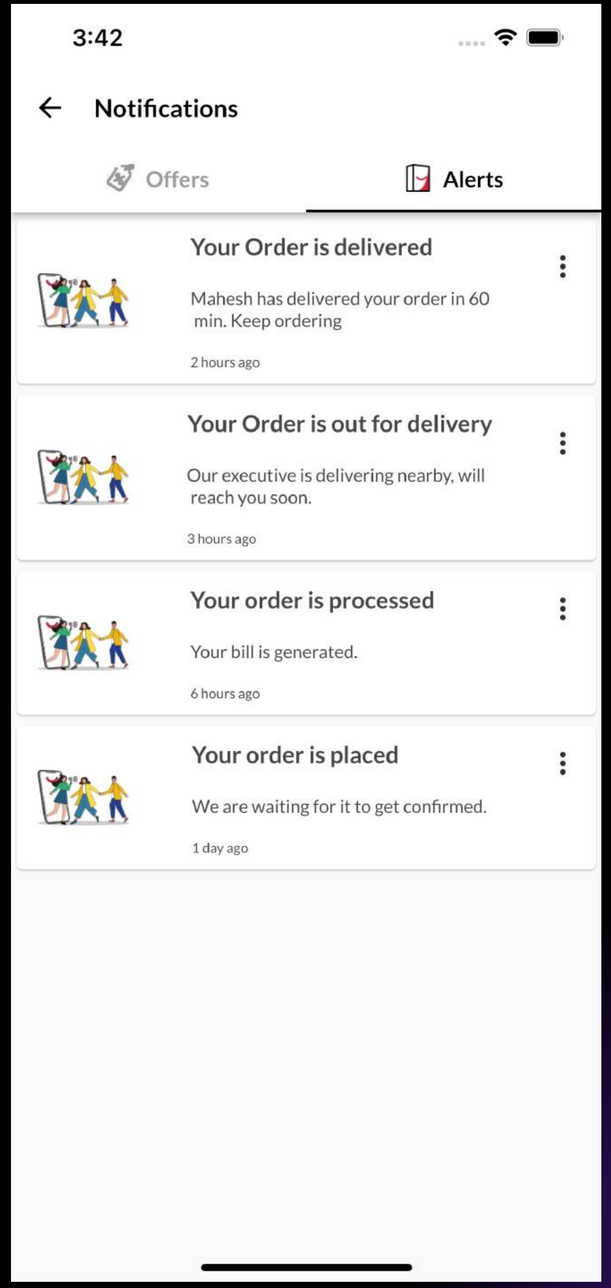
Part 2: When user is not signed up





Part 2: Notifications





Thank You
